Figures as published on fincashier.com

THREE PILLARS

The platform at a glance

Every payment is seen, routed and recovered , from checkout to settlement

01

FinCashier

Checkout

A fast, secure, branded payment page, localised to your markets and built to convert.

02

FinCashier

Merchant Portal

Real time dashboards, settlement tracking and Ai tips that show where revenue is lost.

03

FinCashier

Control Tower

Smart routing, automatic failover and an Ai Risk Analyst watching around the clock.

AI INSIDE

Intelligence built in not bolted on

FinCashier keeps analysing your payment flow to find revenue you can recover , and shows you how

Ai Revenue Optimization

Smart Retry recovers soft declines through other routes, every fix shows its revenue impact.

Ai Risk Analyst

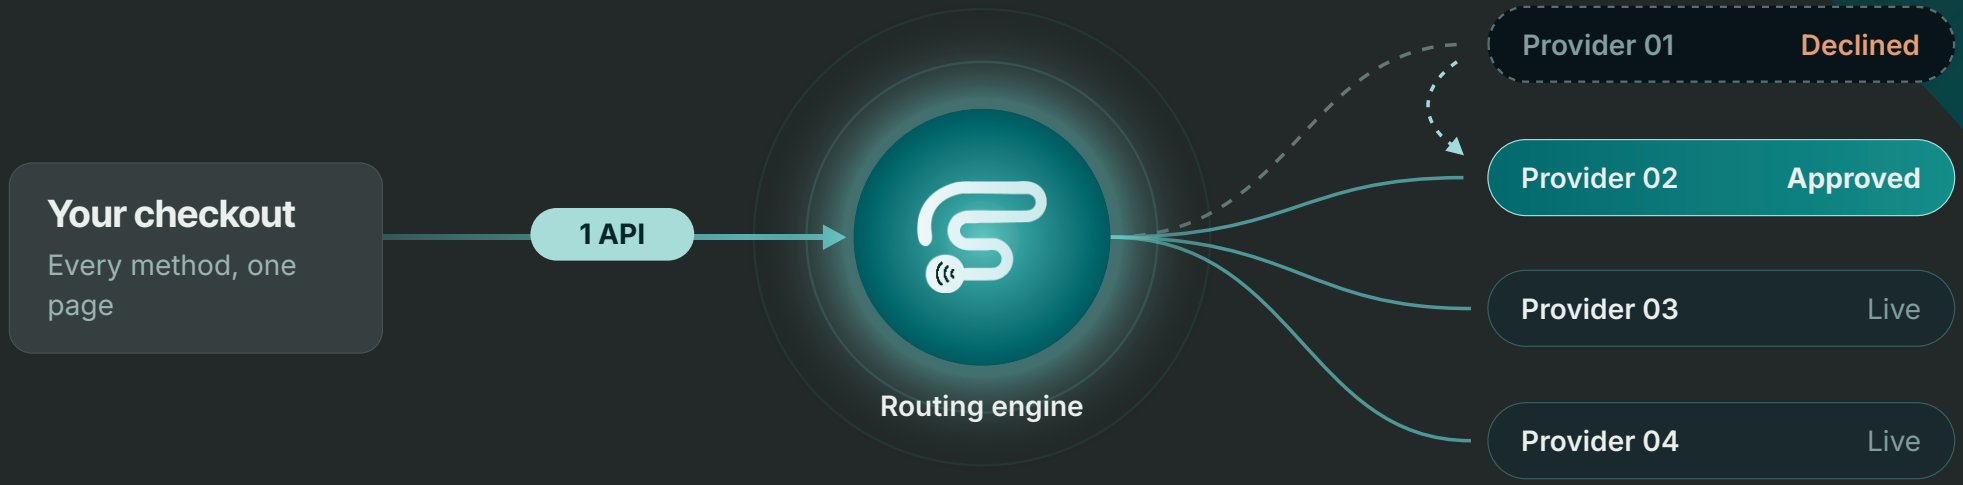

Ask about chargebacks, KYB status or routing, get an informed answer in seconds.

Always on monitoring

Provider health, success rates and limits tracked live, with instant alerts.

SMART ROUTING

Routing that never sleeps

Role based access

INTEGRATION

Live in days, not quarters

01

Connect once

One REST API unlocks every provider, method and banking rail.

02

Configure & route

Set routing rules, failover and risk limits from the dashboard.

03

Optimise & scale

Approvals climb, costs fall, Add markets without new code.

WHO IT'S FOR

Built for the businesses providers call "difficult"

- Forex & CFD brokers
- Trading platforms
- iGaming operators
- Crypto businesses
- Other complex verticals

Ready to stop losing revenue to failed payments?

Book a demo and see FinCashier route, recover and report, live on your own payment flow

WHY FINCASHIER

One integration, infinite possibilities 01
Add providers, methods and markets without new code.

Ai that pays for itself 02
Every recommendation shows its projected revenue.

Resilience by design 03
An outage is a dashboard event, not lost revenue.

Transparency at every layer 04
Live data, auditable rules and clear fees.

Compliance as a feature 05
KYB, risk monitoring and fraud controls built in.
